

### Feature:

1. Paperless conference terminal, provides control and service for the paperless conference system
2. Built-in system restore option, supports restoring the system to factory settings
3. Mini industrial chassis, resistant to impact, corrosion, and radiation
4. Equipped with an industrial-grade motherboard to ensure stable system operation
5. HDMI and VGA video ports, selectable as needed

### Specification:

CPU Model	Intel/Core i5 Processor
Processor Series	Core i5
Cores/Threads	Dual-core, quad-threaded
Chipset	Intel HM86
Computing Mode	Supports 64-bit computing
Memory	16GB
Hard Drive	512GB solid-state drive
Network Interface	1 RJ45 (Realtek 8111X series Gigabit Ethernet), supports 10/100/1000Mbps network transmission
Graphics Core	Intel HD Graphics 4600
Front-End Ports	1 x Power On, 3 x USB 1 audio input/output port
Rear ports	1 power port, 1 HDMI port, 1 VGA port, 4 USB ports, 1 audio input/output port, 1 Ethernet port
Operating system	Windows 7/10/Linux (Win 10 default)
Dimensions	194 x 185 x 40 mm (L/W/H)
Power consumption	45W-65W
