

### Feature:

1. High-grade aluminum 1U black brushed panel, rack-mounted installation, beautiful and generous
2. With 1 stereo recording input, AV lotus seat interface
3. With 1 stereo unbalanced output, AV lotus seat interface
4. With 1 FM/USB/Bluetooth/recording and other 4 function mode switching
5. USB supports lossless APE, FLAC, WMA, WAV, MP3 audio file format file playback
6. Adopt 7-digit digital LED display to display working status
7. Use 12 function buttons to operate the device, 1 independent recording button
8. The recording input level and audio output volume can be adjusted by the potentiometer on the panel or the remote control
9. Two independent antennas (1 FM antenna, 1 Bluetooth antenna/hidden).
10. Bluetooth adopts the latest 5.0 solution, and the receiving distance can reach 10 meters
11. There are standby function buttons on the panel and the remote control
12. To ensure better radio effect, AC220V linear power supply is used

### Specification:

1 audio output	0.775V
1 recording input	0.775V
Frequency response	20Hz~20KHz
Power cord	(2×0.75mm <sup>2</sup> )×1.5M (standard)
Power supply	AC220V 50Hz
Power	20W
Dimensions	44×483×255mm
Net weight	3.5kg
