

Indoor wall-mounted speakers (power adjustable) FT-BMS55

Feature:

1. Humanized design, easy installation and simple use
2. UV grade flame retardant high strength and high adaptability engineering plastics, black and white optional
3. High strength mica carbonized polypropylene diaphragm, beautiful and elegant, and provides clear language performance
4. Specially designed high performance rubber folding ring and special imported high performance cloth edge
5. Adhering to Ruihuang's excellent parameter optimization design, compared with similar products, the bass is more prominent
6. Flat frequency response curve, the sound performance is transcendent
7. First-class balanced indoor wall-mounted speakers, plastic shell, iron punching net
8. Using silk screen membrane tweeter, the sound is clear and soft

Specification:

Adjustable power	20W, 10W, 5W, 2.5W, 8 ohms
Constant voltage input	70V, 100V, 8 ohms
Frequency response	80Hz-15KHz
Sensitivity	89±3 dB
Appearance size	155*110*235 mm
Installation	wall-mounted
Decorative material	ABS
Weight	2.6kg
Speaker size	5.25*1+1*1
