

Specification:

- Rated Power: 30KW, with 9 output channels
- Input Voltage: AC 380V $\pm 15\%$, 50Hz frequency. Equipped with protection features including over-voltage, surge, short circuit, over-current, overload, and leakage protection.
- Integrated with a multifunction card for remote communication via LED display control software, enabling remote power control and cabinet management.

Item	Specification
Manual Control Mode	Start Button / Rotary Switch
Automatic Control Mode	Control Software, Multifunction Card, Remote
Power Capacity (KVA)	30KW
Main Circuit Breaker Current	63A
Input Wiring Method	Three-phase Four-wire + Ground
Input Voltage	AC 380V
Input Frequency	50Hz
Output Wiring Method	Single-phase Two-wire + Ground (even distribution to LED display required)
Output Voltage	AC 220V
Output Channels	9 channels, Single-phase AC 220V
Output Breaker Capacity	40A (single-phase)
Breaker Mounting Method	DIN Rail Mounting
AC Contactor Model	CJX2-5011 + CJX2-3210
Protection Level	IP44
Dimensions (W×H×D)	650 × 400 × 200 mm
Weight	30 kg
Operating Temperature Range	-30°C to +70°C
