

Feature:

1. Electric lifting socket, supports one-button control of rising and falling
2. With anti-collision, waterproof, anti-pinch and other functions
3. Support IP44 waterproof function
4. Equipped with Bluetooth speakers, can be connected to play music
5. Equipped with power overload/leakage protection, safe and reliable
6. Support wireless charging, high-efficiency conversion

Specification:

Wireless charging	Support Qi wireless charging
Opening method	touch button control, electric lifting
Interface configuration	1 five-hole power supply, 1 set of USB charging (out of 2 charging heads), 1 Bluetooth speaker + wireless charging
Installation method	desktop embedded installation
Material	aluminum alloy
Color	brushed silver
Product size	370x120mm
Opening size	diameter 102mm
Rated voltage/frequency/current	AC110V-220V/50-60Hz/10A
