

### Feature:

1. Typical square design, fashionable appearance, beautiful shape
2. Adopt high and low frequency split phase reflex tube design, so that the box weight bass is quite outstanding, making the sound more powerful
3. The shell is made of ABS anti-UV material, safe and reliable, thickened shell can reduce resonance, durable and non-fading, anti-oxidation
4. The bass unit is a moisture-proof paper cone + rubber edge bass unit, Y35 external magnetic design, and the bass diaphragm is made of polypropylene material to make the bass stronger
5. The tweeter is designed with moisture-proof paper cone to make the sound clear, round and transparent, clear and bright
6. The surface mesh is made of high-strength iron mesh, which has been hardened and anti-oxidation treated, and is not easy to deform. Rust
7. Wire clamp terminal, power optional, easy wiring
8. E-type pure copper wire turn audio transformer, ensures audio output fidelity, sufficient power, high efficiency, efficiency can reach 90%

### Specification:

Speaker unit	4.5*1,2*1
Rated power	10W
Optional power	5W/10W
Input voltage	70V/100V
Sensitivity (1m, 1W)	88dB
Maximum sound pressure level (1m)	98dB
Frequency response	120-20kHz
Product size	262×200×95mm
Product weight	1.5kg
