

Feature:

1. Adopt 3-inch TFTRGB true color display screen, clear image, vivid color
2. Adopt industrial resistive touch screen, reliable performance, simple operation
3. Support automatic screen lock function, save energy, and extend screen life
4. Support lossless and various decoding formats: MP3, MP2, MP1, WMA, APE, FLAC, AC3, DTS, RA, AAC, AMR, ATRC, WAV
5. Support large-capacity TF card and USB flash drive
6. Support automatic music sorting function, no special numbering software is required
7. Support ten sets of timetable programs, each set can program 999 timers
8. Each timer can be specified to play, loop play, random play, etc
9. Support computer editing timer program
10. Built-in FM radio function, convenient for listening to radio programs
11. Intelligent voice recognition technology, microphone excitation to turn on the power of the amplifier sensitively and quickly
12. Super load capacity, each power socket can load 1000W amplifier
13. The power sockets can be controlled separately, supporting 6+1 partitions
14. Support output power sequencer short-circuit signal function
15. Support short-circuit alarm signal input function
16. Support line input switch function

Specification:

| | |
|---------------------------------|--|
| Music storage | SD card\U disk |
| U disk file system | FAT (FAT16), FAT32 |
| Support SD card\U disk capacity | 128MB-32GB |
| Support playback file formats | MP3, MP2, MP1, WMA, APE, FLAC, AC3, DTS, PA, AAC, AMR, ATRC, WAV |
| Signal-to-noise ratio | >90dB |
| Total harmonic distortion | <0.1% |
| Power supply voltage | AC220V±10% |
| Power consumption | standby <5W, full load <10W |
| Amplifier control power | single channel <1000W |
| Peripheral control power | single channel <300W |
| Partition control power | single channel <300W |
