

### ► Feature:

1. This series is primarily designed for venues requiring both high-quality background music and public address
2. Utilizes high-quality magnets, a premium transformer, and a stainless steel mesh grille for a full metal housing
3. Resistant to aging and damage, it protects against insects and dust, extending the speaker's lifespan
4. The drum paper is made of high-quality paper pulp, ensuring superior sound quality. The speaker delivers distinct, high-fidelity sound for a pleasant listening experience
5. A convenient clip-on design allows for quick and easy ceiling installation

### ► Specification:

Rated/Maximum Power	1-3W
Input Voltage	70V-110V
Mounting Cutout	Ø100mm
Sensitivity	89dB
Speakers	3
Waterproof Rating	IP56
Dimensions	120*80mm
Weight	0.35KG
Inner Packaging Dimensions	130*95*130mm
Outer packaging size	535*400*400MM
