

► Feature:

1. This series is primarily designed for venues requiring both high-quality background music and public address
2. Utilizes high-quality magnets, a premium transformer, a stainless steel mesh grille, and a metal housing
3. Resistant to aging and damage, it protects against insects and dust, extending the speaker's lifespan
4. The drum paper is made of high-quality paper pulp, ensuring superior sound quality. The speaker delivers distinct, high-fidelity sound for a pleasant listening experience
5. A convenient clip-on design allows for quick and easy ceiling installation

► Specification:

Rated/Maximum Power	15W
Input Voltage	70V-110V
Mounting Cutout	Ø200mm
Sensitivity	98dB
Speakers	8
Dimensions	226*85mm
Weight	1kg
Inner Packaging Dimensions	230*90*230mm
Outer Packaging Dimensions	480*480*480mm
Packaging Quantity	20 pieces/carton
