

Feature:

1. This series is primarily designed for venues requiring both high-quality background music and public address
2. Utilizes high-quality magnets, a premium transformer, a stainless steel mesh grille, and an all-metal housing
3. Resistant to aging and damage, it protects against insects and dust, extending the speaker's lifespan
4. The drum paper is made of high-quality paper pulp, ensuring superior sound quality. The speaker delivers distinct, high-fidelity sound for a pleasant listening experience
5. A convenient clip-on design allows for quick and easy ceiling installation

Specification:

Rated/Maximum Power	20W
Input Voltage	70V-110V
Mounting Cutout	Ø220mm
Sensitivity	98dB
Speakers	8
Dimensions	240*90mm
Weight	1.3KG
Inner Packaging Dimensions	260*80*260mm
Outer Packaging Dimensions	525*420*265mm
Quantity	10 pieces/carton 10. Packing quantity: 10 pieces/box
