

Feature:

1. Engineered plastic housing with robust physical properties, resistant to rust, oxidation, and corrosion
2. Long service life and waterproof housing for indoor and outdoor use
3. High sensitivity, clear, powerful, resonant, and powerful sound with long transmission distance. Includes mounting bracket for easy installation

Specification:

Rated Maximum Power	100W
Input Voltage	110V
Sensitivity	98dB
Dimensions	360*360*315mm
Weight	5.3kg
