

Feature:

1. Classic square design, stylish and elegant
2. Utilizing a bass-and-treble splitter design, the bass-and-treble bass port ensures exceptional bass and powerful sound
3. The housing is made of UV-resistant ABS material for safety and reliability. The thickened housing reduces resonance, making it durable, fade-resistant, and resistant to oxidation
4. The woofer features a moisture-proof paper cone with rubber trim, a Y35 external magnet design, and a polypropylene diaphragm for stronger bass
5. The tweeter features a moisture-proof paper cone for a clear, rounded, and bright sound
6. The grille is made of high-strength iron mesh, hardened and treated with an anti-oxidation treatment, making it durable and resistant to deformation. Rust
7. Clamp-type terminal blocks with selectable power levels for easy wiring
8. E-type pure copper wire transformer ensures audio output fidelity, high power, and high efficiency, reaching up to 90%

Specification:

Speaker unit	4.5*1, 2*1
Rated power	10W
Selectable power	5W/10W
Input voltage	70V/100V
Sensitivity (1m, 1W)	88dB
Maximum sound pressure level (1m)	98dB
Frequency response	120-20kHz
Dimensions	262×200×95mm
Weight	1.5kg
