

Feature:

1. Outdoor design, waterproof driver, suitable for outdoor use
2. Woofer features waterproof paper disc with cloth edging and 70mm Y30 external magnet design, delivering powerful bass, clear vocals, and crisp treble
3. PET diaphragm design, with natural silk diaphragm for the tweeter, ensuring a clear, rounded, and bright sound
4. Aluminum housing, made of 1.6mm all-aluminum material and finished with a high-grade, fragrant finish, is safe, reliable, rust-resistant, durable, and fade-resistant, with minimal resonance and a stylish appearance
5. Aluminum front grille, made of 1060 pure aluminum, Overhardened and anti-oxidation treated, it resists deformation and rust
6. Waterproof ABS plastic front panel
7. E-type audio transformer ensures audio output fidelity, high power, and high efficiency, reaching up to 90%

Specification:

Waterproof rating	IP65
Speaker units	4×2, 2.5×1
Rated power	20W
Power options	10W/20W
Input voltage	70V/100V
Sensitivity (1m, 1W)	89dB
Frequency response	120-16kHz
