

Feature:

1. 3-inch TFT RGB true-color display for crisp images and vivid colors
2. Industrial resistive touchscreen for reliable performance and simple operation
3. Automatic screen lock, saving energy and extending screen life
4. Supports lossless and various decoding formats: MP3, MP2, MP1, WMA, APE, FLAC, AC3, DTS, RA, AAC, AMR, ATRC, WAV
5. Supports large-capacity TF cards and USB flash drives
6. Automatic music sorting, eliminating the need for dedicated scheduling software
7. Supports ten schedule programs, each with 999 entries
8. Each schedule can be assigned to play, loop, or shuffle play
9. Supports computer-controlled schedule editing
10. Built-in FM radio for convenient radio listening
11. Intelligent voice recognition technology allows for quick and sensitive power-on of the amplifier via microphone activation
12. High power load capacity: Each power outlet can handle a 1000W amplifier
13. Power outlets can be individually controlled, supporting 6+1 partitions
14. Supports output power sequencer short-circuit signal function
15. Supports short-circuit alarm signal input function
16. Supports line input switch function

Specification:

| | |
|---------------------------------|--|
| Music storage | SD card/USB flash drive |
| USB flash drive file system | FAT (FAT16), FAT32 |
| 128MB-32GB | Supported SD card/USB flash drive capacity |
| Supported playback file formats | MP3, MP2, MP1, WMA, APE, FLAC, AC3, DTS, PA, AAC, AMR, ATRC, WAV |
| Signal-to-Noise Ratio | >90dB |
| Total Harmonic Distortion | <0.1% |
| Power Supply Voltage | AC220V \pm 10% |
| Power Consumption | Standby <5W, Full Load <10W |
| Amplifier Control Power | Single Channel <1000W |
| Peripheral Control Power | Single Channel <300W |
| Zone Control Power | Single Channel <300W |
