

### Feature:

1. Gooseneck boom microphone input, red light ring on/off indicator, pre-play cue tone
2. Unidirectional condenser microphone for high-quality sound pickup
3. Multi-stage, high-performance surface acoustic wave (SAW) filter for excellent immunity to mobile phone, electromagnetic, and high-frequency interference

### Specification:

Directional Pattern	Unidirectional
Output Impedance	200Ω ± 30%
Sensitivity	47dB±3dB
Power Supply	DC 3V
