

► Specification:

Voltage	AC 90V-240, 50/60HZ
Power	240W
Light Source	24*10W RGBW (4-in-1)
Light Source Lifespan	20000H
Control Mode	International standard DMX512 signal interface, 8 channels, built-in self-running, master-slave, and voice-controlled modes, LED display screen
Projection Angle	25 degrees
Dimming	0-100% linear adjustment
Strobe	1-18 times/second high-speed electronic strobe
Cooling System	Built-in heat sink + powerful silent fan
Display Interface	Digital tube display
Protection Function	Fully intelligent overheat protection and anti-interference electronic circuit
Packaging Dimensions	250*250*310mm
Gross Weight	3kg
