

► Specification:

Voltage	AC 90V-240V, 50/60HZ
Power	180W
Light Source	54*3W high-power LEDs (R12, G18, B18, W6)
Light Source Lifespan	20000H
Control Mode	4/8 DMX channels, DMX512 signal, with master/slave function, built-in auto-programming
Projection Angle	25 degrees
Dimming	0-100% linear adjustment
Strobe	Independent electronic strobe, 1-25HZ
Cooling System	Intelligent fan control, 0 noise during normal temperature operation
Display Interface	Digital tube display
Operation	Display panel control, auto-programming, custom programming
Packaging Dimensions	250*250*310mm
Gross Weight	3kg
