

► Specification:

Voltage	AC 90V-240V, 50/60Hz
Power	300W
Light Source	90 LEDs × 3W (R24+G24+B24+W18)
Light Source Lifespan	60,000 hours
Control Mode	DMX512, RDM/Central Control 232 (optional), master/slave, voice control or auto-programming
Projection Angle	25 degrees
Dimming	0-100% linear adjustment
Strobe	1-20 times/second high-speed electronic strobe
Cooling System	Built-in heat sink + silent fan
Display Interface	Digital tube display
Protection Function	Fully intelligent overheat protection and anti-interference electronic circuit
Packaging Dimensions	300*300*330mm
Gross Weight	5kg
