

Feature:

1. Paperless conference terminal designed to control and provide services for paperless conference systems
2. Built-in system recovery function, supporting restoration to factory default settings
3. Mini industrial chassis with impact resistance, corrosion resistance, and radiation protection
4. Equipped with an industrial-grade motherboard to ensure stable system operation
5. Equipped with dual HDMI video interfaces, allowing flexible interface selection according to requirements

Specification:

Technical Specifications	Details
CPU Model	Intel Core i7-10875H
Processor Series	Intel Core i7
Core / Thread	8 Cores / 16 Threads
Base Frequency	2.30 GHz
Turbo Frequency (All-Core Full Load)	Approx. 4.3 GHz
Computing Mode	Supports 64-bit computing
Memory	16GB DDR4
Storage	512GB
Network Interface	1 × RJ45 (Realtek 8111X Series Gigabit Ethernet), supports 10/100/1000Mbps network transmission
Graphics	10th Generation Intel Core UHD Graphics
Front Panel Interfaces	1 × Power Button, 3 × USB, 1 × Audio Input/Output
Rear Panel Interfaces	1 × Power Input, 2 × HDMI, 4 × USB, 1 × Audio Input/Output, 1 × RJ45 Network Port
Operating System	Windows 10/11 (Default)
Supported Operating Systems	Windows / Linux / Kylin OS and other operating systems
Dimensions (W × D × H)	194 × 185 × 40mm
Power Consumption	35W-45W
